Bachelor of Arts

In addition to meeting the institutional undergraduate degree requirements, majors in the program are required to earn a minimum of thirty (30) semester hours of credit in philosophy and religion courses. The Philosophy major requires 21 hours in philosophy and nine (9) hours in religion. The Religion major requires 21 hours in religion and nine (9) hours in philosophy. No grade below "C" will be accepted in any major course.

Bachelor of Science in Philosophy and Religion

The curriculum for the Bachelor of Science degree in Philosophy and Religion is the same as the requirements for the Bachelor of Arts except that the student does not take hours in a language and must make up the twelve (12) semester hours by taking those hours as free electives to replace the 12-hour foreign language requirement. All students are urged to earn the Bachelor of Arts degree.

Requirements for a Minor

A minor may be earned in Philosophy and Religion with the completion of eighteen (18) semester hours. Courses should be chosen in consultation with the program faculty.

GENED Electives

Complete SPC 2600 Public Speaking or HSC 1100 Health Modern Living or a course from any of the approved Mathematics, Natural Sciences, Social Sciences and Humanities courses listed above.

General Education Requirements (Fall 2015 forward)

The implementation of the general education core course options are for students initially entering Florida A&M University in 2015-2016. Students must complete at least one course from the core list for each subject area – Communication, Humanities, mathematics, natural science, social science, and other general education requirement. "Completion of both the general education core and remaining university-specified general education courses are required for completion of an undergraduate degree" (8.005 BOG; 1007.25(3) F. S.).

Students are required to complete a total of 36 credit hours of general education as indicated below with a "C" grade or above, unless otherwise noted by the academic program in relation to natural science courses.

COMMUNICATION [6]

Students will demonstrate the ability to communicate effectively. Students will demonstrate the ability to analyze communication critically.

Students must complete a total of 6 credit hours in the area of communication, of which one course must be chosen from the statewide core course list below

Course Number	Course Title	Credits
